

Casey Rigsby

Mitigation Markets Representative

Casey Rigsby serves as Mitigation Markets Representative in our Southeastern Region. His primary responsibilities include planning and conducting outreach in Alabama to assist WES clients in meeting their mitigation requirements. Mr. Rigsby performs marketing activities for existing banks, assists with research and feasibility of new markets, handles tracking of credit ledgers, long-term revenue planning and manages the transfer of credit sales.

Prior to joining Westervelt in 2016, he specialized in business development and account management in the Auburn, Alabama area. He has almost a decade of experience in sales, networking, building relationships, and maintaining business portfolios. Casey's working background, as well as education, was primarily focused on accounting, supply chain, and banking capacities. Mr. Rigsby received his Bachelor of Science in Business Administration from Auburn University with a concentration in Accounting and Supply Chain Management. His interests include wildlife conservation, hunting waterfowl, and spending time with his family in the outdoors.
