

## **Drew Thacker**

Associate GIS Analyst

Drew Thacker is the Associate GIS Analyst for the Southeastern Region. Her primary responsibilities include GIS analysis and production. She provides support for research, marketing, and project identification development. Her focus is also on site reconnaissance and spatial analysis of habitat and market trends. Drew supports technical mapping for proposals, project development, and implementation. She also develops marketing materials for WES.

Prior to her role as Associate GIS Analyst, Drew worked at WES as a GIS/Marketing Intern. She has also completed an internship with the park biologist at Wakulla Springs State Park. In addition to her other work-related experience, Drew has been a biological research assistant in the conservation and forest ecology labs at the Jones Ecological Research Center in Southwest Georgia.

Drew earned her master's degree in GIS at Florida State University. In her free time, she enjoys traveling, live music, and reading.
