

Kristen Qualls

Land Stewardship Technician

Kristen Qualls joined the Southeastern Region in May 2018 as an intern and was promoted to Land Stewardship Technician in September 2018. Her responsibilities include monitoring, maintenance, and land management for the Southeastern projects. She received an Associate's Degree of Science from Cleveland State Community College, Tennessee, and her Bachelor of Science in Professional Forestry from Auburn University. In her spare time, she enjoys hunting, fishing, and woodworking.
