

Brent Shaver

Entitlement Manager

Brent Shaver is the Entitlement Manager for our Southeastern Region office where he oversees and develops mitigation banking projects: including planning, execution, and tracking of new wetlands and conservation mitigation project approvals. He also assists with regional compliance tracking of approved mitigation projects.

Prior to joining Westervelt Ecological Services Brent was Director of Forest Management for The Nature Conservancy in Alabama where he directed all aspects forest management across Alabama and into northwest Florida.

He earned a Bachelor's and Master's in Forestry from Auburn University where his graduate work focused on assisting non-industrial private forest landowners in understanding the functions and values of forested wetlands and the ecological and legal ramifications of silvicultural operations in those areas. Brent is a Registered Forester in Alabama and Georgia and is a Certified Prescribed Burn Manager. He is a member of the Society of Ecological Restoration and a Certified Ecological Restoration Practitioner. Brent has been a member of the Society of American Foresters since 1998, formerly serving as the Jubilee Chapter Chair and Chair of the Alabama Division.
